

## Northern Door Children's Center appeal

### **Members of Northern Door Ministerial**

During this pandemic – the Northern Door Children’s Center is doing everything it can to stay open and provide a safe environment for our children so that parents can continue working. Many of our families live on the edge already and this time is a very anxious time for them. If your congregation would like to help families with food or utility assistance you can contribute to the Covid19 Emergency assistance fund – either cash or grocery or gas cards would be very much appreciated. Thanks!

God Bless you and Peace be with you!
